## G. B. CUTLER SEED COMPANY

# Seventeenth Annual **PRICE LIST**

—OF THE—

G. B. CUTLER SEED CO.

Marshall, Minn.

---

March 1st, 1935

In presenting you this 1935 Price List, we wish to thank all our friends and customers for their past patronage.

Our old customers are well acquainted with our ways of doing business, and you should ask the old if in doubt as to our square dealings.

**No Warranty.**—We exercise extreme care in the filling of all orders, but we give no warranty, expressed or implied, as to the quality, description or productiveness, or any other matter of any seeds we send out, and will in no way be responsible for the crop.

This non-warranty is similar to that used by all seed houses and we recommend that you test all seeds on arrival and if they do not meet your requirements, return them at once at our expense and we will cheerfully refund your money.

**ORDER EARLY**—As market conditions are not yet normal, and as fancy stocks are going to be hard to replace, we strongly recommend that our customers place their orders early, thereby taking advantage of the low prices which we present in the first issue of our 1935 Price List.

**Prices Subject to Change**.—The prices quoted herein are based on market conditions at the time this list is issued and are subject to change without notice. We do not alter prices except in extreme cases, but if your list is an old one and you have occasions to presume that prices are either higher or lower, just write us for current list before ordering and we will supply one at once.

**Orders Promptly Filled**.—In case of delay you will be notified by letter explaining the cause of such delay and advised when shipment will be made. If you do not hear from an order sent us within a reasonable

length of time, send us a duplicate, stating amount of remittance, and be sure to give your name and full address.

**Terms of Sale**—Cash must accompany orders and should be in the form of Money Order or Bank Draft, Currency or Registered Mail, or Bank Check.

G. B. CUTLER SEED CO.

THE PRESENT HOME OF THE  
MARSHALL SEED HOUSE.

GEORGE

---

READ THIS WHEN YOU HAVE TIME.

Another year has rolled around but where did 1934 go to anyway? A fellow asked me the other day when I was going to send him one of my little books so I thought I'd better get busy. He said he always knew when spring started because he found one of my catalogs in his mail box. Well, I'm glad they are good for something. I fear the contents of this won't be very pleasant to read this year for as you all know the drouth has made the supply of seed short and the prices

high. I dislike asking a high price for seeds just as much as you dislike paying the price but even a seedman has to eat and keep warm you know. I'm like Pat. A trunk dealer said, "Wanta buy a trunk, Pat?" "What for?" asked Pat. "To put your clothes in dummy," said the dealer. "Huh, and then I'd go naked." said Pat. "Not on your life!" We'll all be in Pat's place if the drouth and depression go on forever or else we'll be like old Skinner who attends church regularly, clasps his hands so tight during prayer time that he can't get them opened when the contribution plate is passed around.

My life this past year hasn't held anything very unusual. I still get up in the morning, go down to the seedhouse to either take in big orders (little ones, too) or chat with my friends, eat three meals a day and go to bed at night. One day follows the other.

Last year after the seed season was over, my better half, one daughter and I took a trip to Duluth. We surely enjoyed it because we left Marshall burning up with the hottest weather I've ever known and went near Lake Superior where the climate was moist and cold. It's a good place but I'd get pretty hungry if I tried to make a living in the seed business up there in the sand, peat bogs, and pine forests. I shall always stick to my story that this is the best part of the country for white men.

When we returned from Duluth we drove to Rochester to be there in time for the President's visit. Believe it or not, there were 100,000 people present and I got several good views of the gentleman. I think he intended to ask me to have dinner

with him but I would have declined because I had a previous engagement to dine with more intimate friends.

This summer I am planning a trip to my home at Marshall, Wisconsin. In next year's catalog I'll tell you more about how I found things there.

This spring I am prepared to give you a bigger and better variety of bulk garden seed than ever before. Last year the sale of garden seed held until the middle of June due to the lack of rain and the hot, dry winds. This year I hope you vegetable growers will have moisture and get a bumper crop with the first planting. These second and third plantings mean more cash for me but I hate to see the sad expressions on my good customers' faces when they return for their second and third supply. Farming is a disappointing business when your crops fail and there is nothing left to feed the stock. I do know a few things about the farm. I'm not like the smart city banker who was visiting on a farm and he said to the farmer: "Well, I suppose that thing is called a hired man." The farmer had also visited a bank and answered, "No. He is not called a hired man, he is the vice-president in charge of the cows."

As in previous years I intend to carry a good selection of frost-proof cabbage plants, tomato plants, and sweet potato plants. If you have never tried my plants, it's time you started. You can have cabbages from your own garden for the 4th of July Celebration and those tomatoes, they're dandies!

I hesitate to mention field seed because I am forced to ask such a big price for everything. I shall carry the usual line

but my supply is limited as it is all over. It's going to be a case of the early bird gets the worm. But then who wants a worm anyhow? We're all wondering what the outcome of this year's planning and planting will bring forth. No one seems to know just what to do nor where to go next. We don't want to do much experimenting these times unless we're sure of the result, like the little boy who asked the fellow driving a new streamline car, "Which way are you going?" The fellow answered, "What difference does it make to you?" "Well, I just wanted to cross the street," said the boy. If there are any questions anyone would like to ask concerning what is best to plant and how, I would be glad to have you drop in and I'll do my best to help you.

Chicken feeds of all kinds will also be carried in stock. If you want your chicks to be healthy and happy, be sure to buy your feed from Cutler's.

This year this catalog will go out to over 6,500 farmers and garden growers. I believe they have all helped to boost my business to what it is today and there surely must be a reason for it. I aim to please the people by selling them what they want at the lowest possible price. I don't exaggerate the quality of my stock in any way. It is the best I can buy and the best buy for you.

Come in to see us this year whether you come to purchase or not for we enjoy company. Just say 'HELLO GEORGE.'

GEO. CUTLER.

# ALFALFA

Our seed all comes to us in sealed and branded bags, and is of the 1st grade. You have likely been hearing over the radio about the cheap seed you can buy. If you have, send for sample and see then if you want the grade of seed advertised.

## Northern Grown Alfalfa

This does not need any explanation as everybody knows how good it is and every farm should have a few acres.

Do not buy Alfalfa seed that is offered cheap as it may be southern grown seed which is always cheaper than northern grown seed. The southern grown alfalfa, grown from this seed will not stand our cold winters.

This year the Minnesota law says that no Grimm's Alfalfa can be sold without a state seal so do not be mis-

led by buying cheaper seed from some other state that does not have that law. Our seed is the blue tag or the best grade, put up in towel bags 30 and 60 pounds each and the price for that kind of Grimm's Alfalfa is per lb. -----35c

Our Cossack Alfalfa, as perhaps you all know, is a hardy plant, as much so as Grimm's, but makes a finer grade of hay.

Our price is per lb. -----35c

The Dakota 12 is nothing new, we all know about that.

Our price is per lb. -----30c

Minnesota grown -----28c

## Nitragin

Inoculate your alfalfa and clover with Nitragin for best results.

1/2 bushel size can -----35c

1 bushel size can -----65c

---

Teacher: "Oh, Lord bless those who are called on to teach."

Voice from audience: "And don't forget those called on to recite."

# **SWEET CLOVER**

## **SCARIFIER**

Having just installed a new modern Scarifier we are able to do you a better job and in less time than before. Bring in your Sweet Clover—have it scarified and cleaned. Our price is 80c per cwt.

### **Medium Red Clover**

This seed is grown in Minnesota, cleaned in fine shape and is the best grade to be had.

Price per lb. . . . . 30c

### **Sweet Clover**

All of this seed is scarified

White Blossom (Home grown),	
1st grade -----	11c
Yellow Blossom -----	11c

---

An old philosopher says that if low neck dresses ward off pneumonia he saw a lot of gals last night that won't have lumbago very soon.

## Grundy Co. or Dwarf Sweet Clover

This is something new in this territory. It is a great deal finer, more like alfalfa. Makes better hay than common sweet clover.

Per lb. . . . . 11c

## Alsike

This is by all means the best clover for a low land pasture.

Price per lb. . . . . 35c

## White Dutch Clover

This is the kind to sow on your lawn. Also good in a pasture mixture.

Per lb. . . . . 40c

## Grass Seeds

Timothy, price per pound ----- 25c

Timothy and Alsike Clover mixed

20 per cent Alsike, 80 per cent

Timothy, price per lb. ----- 30c

Red Top, price per pound ----- 21c

Blue Grass, price per pound ---- 40c

Bromus, price per pound ----- 30c

Reeds Canary Grass, per lb. -- \$1.00

## Dwarf Essex Rape

This seed is grown in Holland and sure is the quickest pasture for cattle, hogs and sheep when sown in spring. For fall pasture nothing gives more cheap feed than Rape sown in small grain. Price per cwt.----\$7.00

## Sudan Grass

A great one year hay and pasture grass; can be cut for hay two or three times a season, a little coarse, but very good feed. Price per cwt. \$15.00

## Amber Cane

One of the greatest fodders—if mixed with corn. Price per cwt. \$8.00

## Kaffir Corn

If cut green makes fine fodder. If allowed to ripen, is one of the best feeds for chickens. Per cwt.----\$8.00

## Grahoma

A real feed. Per cwt ----- \$10.00

## Hagari Cane

Similar to Cane. Per cwt. ----- \$7.00

---

Teacher: "What are the five most common bugs?"

Student: "June, Tumble, Lady, Bed, and Hum."

## Wheat Milo

Grows about four feet high with lots of leaves. Can be cut with a binder and gives a lot of good, fine fodder. Per cwt. -----\$7.00

## Feterita

A good feed. Per cwt. -----\$8.00

## Sweet Clover Scarifier

If you have any sweet clover that you want cleaned and scarified we will be glad to do it for you at a reasonable price of 80c per cwt.

We also clean any other seed that you might have that you want cleaned.

## Milletts

Siberian. Per cwt. -----\$7.00  
German. Per cwt. -----\$8.00  
Early Fortune. Per cwt. -----\$5.00

## Flint Corn

A real early variety. Per bu. --\$5.00

## Sweet Corn

Golden Bantam for fodder. Per lb. 12c

## Soy Beans

Manchu, per cwt -----\$4.50

---

BEMIS "A" GRAIN BAGS, Each 40c

## GARDEN SEEDS

Why pay two prices for your garden seed done up in packages with a pretty picture on it? If you do so—you have to pay for the picture extra.

Our seeds are in plain packages with as many or more seeds for less money. If you would like different varieties not listed below we can furnish same.

We pay postage on all garden seed. If you want package seeds will furnish them at 5 cents per package.

## Onion Sets

### Bermuda Onion Plants

Will have a good supply in season and will be able to sell them as cheap or cheaper than you can get them elsewhere.

### Frost Proof Cabbage Plants

Early or Late

In season

50 Plants, postpaid-----	30c
100 Plants, postpaid-----	55c

### Tomato Plants

Large strong and healthy plants

1 Doz. Plants, postpaid-----	15c
5 Doz. Plants, postpaid-----	65c

These plants are all cheaper if you call for them here.

## FLOWER SEEDS

	Oz.	Lb.
Sweet Peas, mixed-----	.10	1.50
Nasturtiums, mixed dwarf	.10	1.50

Any other flower seeds that you may want will furnish at FIVE and TEN CENTS a package.

When you need seeds, remember that G. B. Cutler Seed Co. offers only the best in seeds. A trial order will convince you.

---

## Sweet Potato Plants

These were tried out here last year and some very nice sweet potatoes raised from them. Will have these plants here about May 15th and the price will be right.

---

## CHICK FEED

All chicken raisers know that a good balanced ration is always best for the growing chick, and also that a good mixed feed is better than one kind of feed all the time.

---

Caruso was once motoring on Long Island when his car broke down and a farmer came along who asked him his name. "Caruso," said the singer. "My gosh!" said the farmer. "Robinson Caruso, the great traveler? Will you shake hands, Robinson?"

## SEMESAN

Semesan Bel, for potatoes 1 lb. \_\$1.40

Semesan Jr., for Corn 1 lb. can \_\$1.40
